

8x20 Vermonter

Call **Toll-FREE: 1.866.297.3760**

Jamaica Cottage Shop has designed a building to compete with the pre-fabricated tinker toy sheds found at home supply super stores. We are pleased to offer this popular post and beam design, the Vermonter. The 5'0" double doors are large enough to fit a riding lawn mower, ATV, or a couple motorcycles. The versatile shed has been used in many ways from general storage to a play house or turned into a great little potting shed tucked away by the garden. No Plywood is used in the Vermonter. It is built the same way they have been for centuries with native Vermont Lumber.

Rugged post and beam techniques passed down through the centuries are being applied to pre cut and notch this storage shed kit into a sturdy picturesque outbuilding reminiscent of old New England. The kit is hand made with rough sawn hemlock and pine lumber, the package includes all fastening hardware, metal roofing and step by step plans.

The kit is designed for a novice wood worker with basic skills. Technical support is provided via our toll free support line. The cottage shed kit takes approximately twenty hours to assemble. Step by step cottage plans may be purchased separately which include a material shopping list to provide your own rough cut lumber. The cottage kit in the picture has been stained and customized with red cedar shingle roofing.

Specifications:

Overall dimensions: 8'6" H x 8'6" W x 20'6" L

Plans \$50.00

Jamaica Cottage Shop, Inc. engineered the plans for our designs to do-it-yourself homeowners. The detailed plans include foundation options, a shopping list, and a color coded cut list. The trigonometry of the roof triangles has all been simplified with tracing the cut out roof templates. The plans are set for full dimensional lumber and provide a clear step-by-step path.

Complete Kit \$4,954

The rough sawn native Vermont lumber package has all the pieces cut and ready for assembly. It includes a cut and notched hemlock post and beam frame and pre cut pine siding. The fasteners, hardware, windows, and doors are included as well as the step by step plans. The kit is geared to a do-it-yourself homeowner with beginner knowledge of carpentry.
