

14x26 Camping Cabin

Toll-Free: (866) 297-3760

This cozy cabin is the perfect solution for your isolated New England property. An enchanting three-room cottage, complete with a bathroom is a wonderful place to relax and escape from the hustle and bustle of everyday life. The kitchen is equipped with a gray water sink and built in counter and cabinet space. The 12" wood stove and the wall mounted propane heater allows this cabin to remain a place of comfort even in the cold New England winters. The building also comes equipped with a solar panel camping package which allows this cottage to be completely self sufficient. A 6x14 Screened in porch allows you to enjoy the fresh air without suffering the black flies.

Hand made in Vermont, from native rough sawn hemlock and pine lumber, this cottage is delivered fully assembled to your prepared site. Rugged post and beam techniques, passed down through the centuries, are used to construct this sturdy picturesque retreat, reminiscent of old New England. Have your own Vermont cabin in the woods!

Furniture is not included.

We also offer this camping cabin in it's stripped down form for those of you who would rather complete the interior of your cottage yourself.
