

8x12 Garden Shed

Call Toll-Free: (866) 297-3760

Victorian in style, this elegant design allows ample room for storage, potting and a small sitting area on the porch. It compliments any property as a combination meditation room, nature observation area, yoga studio, and sometimes, a study.

All of our wood sheds, storage sheds, garden sheds, cottages and utility enclosures are built of the finest Vermont lumber and handcrafted for long life and durability. New England weather can really put a wood garden shed or cottage to the test, and Jamaica Cottage Shop's products have proven to stand the test of time.

Included with kit: *Step-by-Step Instructions
*All Fastening Hardware

Photo may not show standard Option A, please refer to Floor Plan below and Specifications to the left.

Fully Assembled

Fully assembled from native rough sawn lumber here at our manufacturing facility, this design is delivered to your client prepared, truck accessible site in one piece. The building is set and leveled by our delivery crew and ready to use when we leave your site. Due to road restrictions, fully assembled models are available in the northeastern United States only.

DIY Plans

Jamaica Cottage Shop, Inc. engineered the plans for our designs to do-it-yourself homeowners. The detailed plans include foundation options, a shopping list, and a color coded cut list. The trigonometry of the roof triangles has all been simplified with tracing the cut out roof templates. The plans are set for full dimensional lumber and provide a clear step-by-step path.
