

20x30 Cabin-Stair Package

The Stair package for the 20x30 cabin consists of :

- 3-3x12 Hemlock Stringers
- 14-2x12 Hemlock Treads
- 14-1x5 Hemlock Kick Plates
- 4- 4x4 Hemlock Railing Posts
- 6- 2x4 Hemlock Rails
- 45-1x4 Hemlock Balusters
- 1-2x4 Frame for Under Stairs Storage

The Stair Package also requires different placements of the notches in the main beams. The following page shows those beams and their respective locations in the frame. Be sure to orient all notches to face in the correct direction. Figures 1-4 on following page
