

# 2x4 Garbage Bin

Call Toll-Free: (866) 297-3760

Flip the lid, toss the trash bags, and away you go. When it's time to empty the shed just swing out the large double doors and slide the 38 gallon cans out of the shelter. This simple outdoor storage shed has 26 cubic feet of storage space, making a versatile general storage and recycling center combination. The sturdy shed is made from native white pine and built by local Vermont tradesmen. The hardware is attractive, antique style black strap hinges. Recyclables, rubbish, returnables, garbage, newspapers, magazines, and just plain old trash, this bin keeps it all neat and tidy. The shed is an excellent way to keep the varmints away from the vittles.

The garbage bin kit ships in nine panelized pieces. It can be assembled with a Philips head screwdriver.

- Included in the RTA:**
- \* All Fastening Hardware
  - \* Step-by-Step Plans
