

8x8 Chicken Coop

Call Toll-Free: (866) 297-3760

This coop is the newest addition in our ever expanding line of livestock shelters. The attractive little building comes complete with nesting boxes to house your chicken population. Egg collection has been simplified with the addition of sliding egg access doors on the rear wall. This coop was constructed without a floor to allow the chickens to access the natural ground. In the colder months, lining the bottom of the coop with hay will keep your fowl friends comfortable.

Hand-made in Vermont, from native rough sawn hemlock and pine lumber, all of our wood sheds, storage sheds, outdoor storage sheds, garden sheds, storage shed kits, cottages and utility enclosures are built of the finest Vermont lumber and handcrafted for long life and durability. Rugged post and beam techniques, passed down through the centuries, are used to construct this sturdy, rustic outbuilding.

Included in the kit: * All Fastening Hardware
* Step-by-Step Plans

Pictures may reflect client upgrades and modifications that do not come standard. Be sure to read the standard written specs below and check out the floor plan on the right for the standard option. Cottage Associates can be reached via phone or email if you have any questions.

Plans

Jamaica Cottage Shop, Inc. designed these plans for do-it-yourself homeowners. The detailed plans include foundation options, a shopping list, and a color coded cut list. The trigonometry of the roof triangles has all been simplified with tracing the cut-out roof templates. The plans are set for full dimensional lumber and provide a clear step-by-step path.

Complete Kit

The rough sawn native Vermont lumber package has all the pieces cut and ready for assembly. The fasteners, hardware, windows, and doors are included as well as the step by step plans. The kit is geared to a do-it-yourself homeowner with beginner knowledge of carpentry.
