

10x10 Saltbox

Call Toll-Free: (866) 297-3760

By far the most popular design, the Saltbox begs the word "traditional." Built the same as they have been for centuries with a native rough sawn hemlock post and beam frame and rough sawn pine siding, this extremely versatile cottage garden shed will withstand the test of time. The roomy interior is perfect for basic storage, gardening and potting, bicycle storage, or even parking for a 4-wheeler.

Rugged post and beam techniques, passed down through the centuries, are used to construct this sturdy picturesque shelter, reminiscent of old New England. All of our wood sheds, storage sheds, outdoor storage sheds, garden sheds, storage shed kits, cottages and utility enclosures are built of the finest Vermont lumber and handcrafted for long life and durability. New England weather can really put a wood garden shed or cottage to the test, and Jamaica Cottage Shop's products have proven to stand the test of time and strength.

Included in the kit: * All Fastening Hardware
* Step-by-Step Plans

Plans

Jamaica Cottage Shop, Inc. designed these plans for do-it-yourself homeowners. The detailed plans include foundation options, a shopping list, and a color coded cut list. The trigonometry of the roof triangles has all been simplified with tracing the cut-out roof templates. The plans are set for full dimensional lumber and provide a clear step-by-step path.

Complete Kit

The rough sawn native Vermont lumber package has all the pieces cut and ready for assembly. The fasteners, hardware, windows, and doors are included as well as the step by step plans. The kit is geared to a do-it-yourself homeowner with a basic knowledge of carpentry.
