

6x14 Weston Potting Shed Call Toll-Free: (866) 297-3760

Set on a hillside in prestigious Weston, Vermont, this unique cottage was a collaboration of design between the Cottage Shop and the client. Built to store tools and use as a workstation within the garden, the shed is filled with shelves and storage space. A generous overhang in front was added for extra protection on wet days.

Hand-made in Vermont, from native rough sawn Hemlock and Pine lumber, this wooden storage shed is strong enough to handle harsh New England weather. This building features attractive trim details and generous overhangs for better protection from the elements. This shed is perfect for every day use and can house a variety of items.

Plans

Jamaica Cottage Shop, Inc. designed these plans for do-it-yourself homeowners. The detailed plans include foundation options, a shopping list, and a color coded cut list. The trigonometry of the roof triangles has all been simplified with tracing the cut-out roof templates. The plans are set for full dimensional lumber and provide a clear step-by-step path.

Complete Kit

The rough sawn native Vermont lumber package has all the pieces cut and ready for assembly. The fasteners, hardware, windows, and doors are included as well as the step by step plans. The kit is geared to a do-it-yourself homeowner with a basic knowledge of carpentry.
