## WAYS TO PURCHASE

Our Greenhouse is available as a **Pre-Cut Kit**, which ships anywhere in the continental USA for FREE.

Pre-Cut Kits contain all the materials, instructions, and diagrams that you'll need to build this majestic garage. The lumber is all numbered and color-coded to make your project even easier.

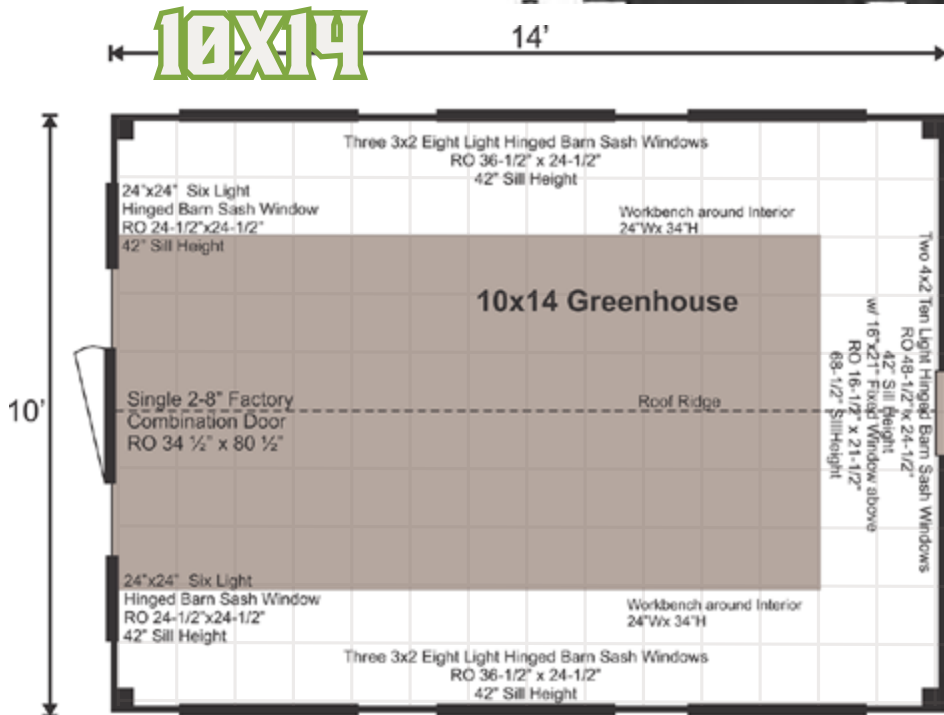

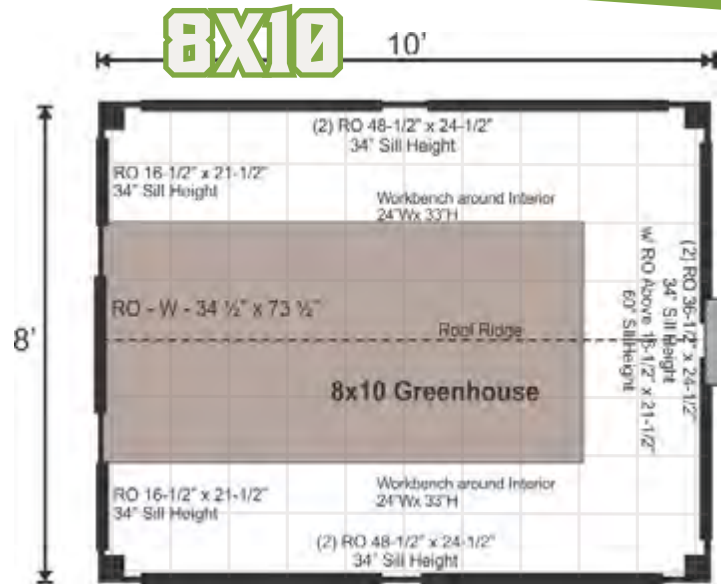

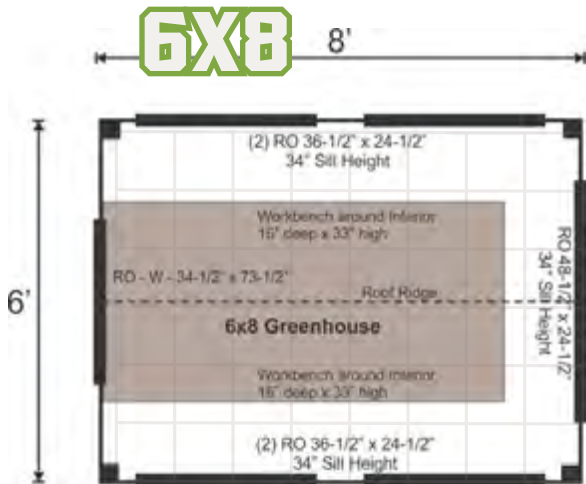

Fully Assembled Greenhouses are also available to our customers within our Northeast delivery area.

**Got questions during your build?

# SPECIAL FEATURES

## Lots of Light

All of our Greenhouses come with 360 degrees of light that come from the many windows and storm door with a glass insert. To top it all off, a clearpoly roof lets the sun shine down on your precious plants

*Choose hinged or fixed windows!*

## A Potting Bench

We've built in a convenient bench that wraps around three sides of the Greenhouse interior. You'll find it's the perfect place to pot your plants and start your seedlings, or keep temperature-sensitive plants year round.

## EVEN MORE WAYS TO CUSTOMIZE

### ROOF

Switch from ClearPoly to a metal, asphalt, or cedar shingle roof

### SIDING

Board and Batten comes standard, with many more options available

### MILLWORK

Choose from hinged, fixed or insulated windows
